## 1950 Classes For Medical Crops to Start

The schedule of 1950 classes for Medical Organized Reserve Corps officers who desire to study the medical aspects of nuclear energy has been announced, Colonel Oscar B. Abbott, Chief of the Texas Military District, said here today. Classes begin on February 5th, May 7th, September 17th and November 26th. Each course is of five days' duration and will be conducted at the Army Medical Department Research and Graduate School, Army Medical Center, Washington, D. C.

Due to the screening that is necessary for this sort of study, interested officers should send in their applications for all schools except the first one so as to reach Texas Military District not later than 40 days prior to the desired commencement date. ## PEE WEE TEAMS MAY PLAY GAUSE

Scheduling for the 1950 season of the Gause Pee Wee football team has begun, and game invitations are welcome at this time, according to an announcement made this week by the Gause Athletic Department.

The Gause eleven, made famous by participation in the nation's first Bowl game for Pee Wee's, The Milk Bowl, played at Cameron, December 10, consists of players not over 100 pounds in weight and over 14 years old. The Bowl game, which put Gause in the spotlight has been described by Waco Sports Writer Jinx Tucker as "just about the most important sports event in Texas for many years."

## ATTEMPT TO BLOCK ACTION ON COTTON

Rep. W. R. Poage termed the attempt by FEPC backers to block the cotton acreage relief legislation the "crudest type of demagoguery."

"These opposition congressmen are not opposed to the bill itself," said Poage. "They admit that. They simply want to destroy anything a Southern member is interested in. When times comes, they might even vote for the cotton bill."

Poage said no thought of compromise had entered the Southerners' heads although action of the FEPC stalwarts and Rep. August Endresen, R., Minn., leading dairy state opponent, might reasonably delay the cotton legislation for several days. In fact, Poage pointed out it has already delayed in somewhat.

Eventually, Poage and other Texas congressmen believe the bill will pass.

Rep. Ken Regan, Midland, and Rep. Lloyd Bentsen, McAllen, still hope to get floor amendments passed to expand the relief of the Cooley bill. Their measures would give additional allotments to farmers who had cleared, plowed and planted their land prior to March 29, 1949.

Miss Martha Virginia and Billy Black, students at Baylor University spent the week end visiting their parents, Sheriff and Mrs. Carl Black.

## Program Of Soil Education Planned

Milam County Vocational School, the Chamber of Commerce and Agricultural leaders and business men throughout Milam County, in cooperation with the Friends of the Land will sponsor a week's program from February 13 to the 17.

Friends of the Land is an educational program designed to impress and inform people of the importance of conserving renewable resources, meaning soil, forests, water and wild life and what these resources mean to our way of life. A. C. Spencer, field representative of Friends of the Land, will conduct the meetings in Milam County.

The meetings will be held in schools, service clubs and community clubs and Mr. Spencer has been connected with conservation work since 1938, having taught agriculture in several high schools throughout the state and served as a technician of the U. S. Department of Agriculture, soil conservation service for three years. As a Planning Engineer of the State Soil Conservation Board, Mr. Spencer was assigned a fifty-two county area where he worked with a board of supervisors of 30 soil conservation districts.

A schedule is being prepared at the present time to allow Mr. Spencer to reach as many people in Milam County as possible during his stay in Cameron. A definite schedule of time and place of meetings will be announced next week, in this newspaper.

## DALLAS COUPLE SUFFERS INJURIES IN ACCIDENT

Mr. and Mrs. John Henry Sneiger of Dallas are in St. Edward Hospital suffering from injuries sustained in a car-truck accident Monday at the intersection of highway 36 and 77.

Kenneth Gale Doty of near Houston was the driver of the truck and semi-trailer and was proceeding to Milano on highway 36 when the Ford sedan which the Sneigers were driving coming to Cameron from Rockdale on highway 77 entered the intersection and was struck by the truck. The driver of the truck and another occupant were uninjured.

Mr. and Mrs. Sneiger were returning from Victoria where they had attended the funeral services of Mrs. Sneiger's sister.

## COTTON CORRECTIVE BILL SURVIVES TEST

Legislation intended to correct inequities in the cotton acreage allotment program weathered its first tests in the House.

That body defeated three efforts to amend the bill as reported by the House Agricultural Committee including an amendment by Reps. Poage of Waco and Wickersham, Democrat of Oklahoma, that would have altered the bill's method of adjusting inequalities.

However, 15 proposed amendments were awaiting action when the House quit for the day. These amendments may be disposed of and a final House vote had on the legislation tomorrow or later in the week.

The House began voting on amendments after a group of Northern Democrats abandoned their delaying tactics.

## Smaller Firms Tax Cut Due?

President Truman wants to cut taxes for about one-eighth of the nation's corporations—those earning between \$25,000 and \$119,000 a year—officials reported yesterday.

While he also plans to ask for an increase in the levies on big corporations, informants said, fewer companies would be affected by the boost, a fact which might wipe out some of the Congressional opposition to the President's tax program.

About 60,000 firms fall into the \$25,000-\$119,000 class; about 50,000 make more than that.

Mr. Truman has asked Congress to boost the overall yield of corporate income taxes by \$700,000,000 to help lessen the spread between the amount of money the Government takes in and the amount it pays out.

Mr. and Mrs. W. H. Shaw of Valverde near Rogers were business visitors here the first of the week.

## FINAL RITES HELD FOR MISS ROBINSON THURS.

Miss Tabbie Robinson, 78, died at 11:45 p. m. January 31, 1950 at St. Edward Hospital after a short illness.

## Yoemen Stay Unbeaten By Ripping 'Roos

Cameron's mighty Yoemen rolled over Killeen's Kangaroos in the Camp Hood field house by a score of 41-20 to preserve their unbeaten record in District 21-A play.

And the Yoe B squad kept up the Cameron reputation with a 17-13 victory over the Killeen B team.

The Kangaroos held the mighty Milam county men to a close score during the first quarter of the game, with that bout ending with the Yoemen only one point ahead in a 9-8 score. And in the second quarter Kangaroo spark plug Jack Richardson shoved his team ahead by a score of 11-9, but the Yoemen came back to end the half on the big end of a 21-12 score.

The Yoemen surged on in the third canto, winding it up 29-15, and maintained that heavy lead for the rest of the game.

High point men for Cameron were Alton Fuchs, 15 points, and Frank Malone, 11. For the Kangaroos, Richardson led with eight points.

The game was Killeen's seventh straight loss in district play.

Friday night at the Yoe High Gym, the Yoemen play host to the classy Belton Tigers. This game is conceded to be for the district championship. For the first time since the writer has been in Cameron there is a tenseness in the air similar to that which accompanies a big football game. In other words basketball has begun to come into its own.

Only one delivery is being made daily on the new route. Billy Joe Michalka is temporary carrier for the new route. He is the son of Mr. and Mrs. W. J. Michalka.

## HEAVY DAMAGE FROM ICE

## COTTON BILL APPROVED BY HOUSE

## CIGARETTE TAX IS FAVORED

### ICE STORM GRIPS NORTH TEXAS AREA

Ice storms snarled telephone service and made highways dangerous in wide areas in North Texas, but no ice was forecast for this area.

Skies will continue cloudy with intermittent light rain today, tonight and Thursday. The maximum today will be 40 degrees, the minimum tonight 35. Warmer weather should return to Central Texas tomorrow.

At least 26 towns were isolated by communication line breakdowns under the weight of the ice which coated the area, the others were losing communication fast. Damage mounted into the millions.

More than 260 telephone circuits were out between Dallas and Red River, according to Southwestern Bell Telephone spokesmen. Western Union reported it had lost upwards of 50 circuits due to ice.

At Sherman there was a half-inch shining sheath of ice on the ground by late afternoon, and the rain was still coming, lightly but steadily. Streets and highways were still open. Dallas, on the southern extremity of the ice storm; Paris on the east, and Wichita Falls, on the west, had temperatures just above freezing during the day, sparing them from any immediate heavy damage.

In the area from Denison and Gainesville to Bonham and Sherman-Denison, the ice was heaviest and did the worst damage.

Roads were treacherous, but not impassable.

A telephone company spokesman said Southwestern Bell was moving radio-phone sets from Dallas into Bonham and Whitewright and planned to bring others into the stricken area from south and southwest Texas.

At nightfall, the telephone company said its reports showed "ice still forming" and the "situation growing worse not better."

### MEASURE SAILS THROUGH DESPITE DAIRY BLOCK

A cotton acreage adjustment bill urgently sought by Southern members passed the House after a group of Northern Democrats abandoned the slow-down tactics they had been using to delay the measure.

It makes available up to 1,400,000 more acres to correct claimed inequities in cotton acreage controls now in force.

Approval was by voice vote, after the House defeated 240 to 136 a motion by Rep. August H. Andresen, Republican of Minnesota, which might have killed the bill by sending it back to the Agriculture Committee. The measure now goes to the Senate.

The legislation is designed to ease hardships of some cotton farmers—and some peanut farmers—caused by the acreage control programs now in force. The controls operate in connection with price support.

The new bill sets limits on the acreage cuts a cotton farmer must take. The bill would make more acres available for planting by farmers who suffered the severest acreage reductions.

It also provides about 100,000 extra acres for peanut growers in Alabama and Texas, where the working of the control formula cut the acreage of some farmers severely.

### CIGARET TAX HIKE IS BACKED BY SOLONS

An emergency one-cent boost in Texas' cigaret tax gained immediate backing as the Senate opened the first special session in almost a decade with a plea for economy.

Each house was gavelled to order at 12:01 p. m., and quickly issued a formal invitation to Gov. Allan Shivers to address a joint session at 12 noon today.

The Governor was scheduled to suggest a solution to the session's task of raising \$25,000,000 for a State Hospital improvement program.

Of the total, \$20,000,000 is needed to operate the State hospital system for the next 19 months, and a minimum of \$5,000,000 has been requested to start a long-range hospital building program.

As lawmakers opened the first special session since September, 1941, two house members announced they will sponsor emergency taxation hiking the State cigarette tax to four cents, to finance a long-range hospital building program.

Reps Davis Clifton of McKinney and Jack Cox of Breckenridge will join in sponsoring the proposal.

The Senate spent only 29 minutes in its opening day meeting, while the House worked for two and a half hours, spending its time mainly in electing successors to employees who had resigned.

The upper chamber, in a pre-session caucus, selected Sen. Grady Hazlewood of Amarillo as acting Lieutenant Governor and presiding officer to succeed Sen. G. C. Morris of Greenville.

Hazlewood, a 48-year-old attorney, has served in the Senate since 1941.

## MAY ACT TODAY UNLESS MINERS RESUME WORK

(From the Daily)

A top White House Official said President Truman may intervene in the coal situation "within 48-hours" unless there is a substantial back-to-work movement by miners tomorrow.

Reports from the field indicate that there would not be any such mass move to return to the pits.

Nearly one-fourth of John L. Lewis' United Mine workers who dig soft coal have been on an unauthorized strike for three weeks, and most of them indicated they intended to continue tomorrow.

She top adviser to Mr. Truman, who specified that he could not be quoted by name, said the chief executive will take some action shortly—possibly tomorrow—unless there is a back-to-work movement.

He told a reporter the decision will be asked on the extent to which striking soft coal miners abandon their walkout.

The spokesman said the "crucial time" has about arrived for Presidential intervention. Mr. Truman has repeatedly told news conferences that he will make the decision on whether there is a national emergency.

Most recently, Mr. Truman declined comment at his news conference on Friday when he was asked whether he was about to take some action.

Northern and Western operators offered last week to resume contract talks with Lewis, and the UMW chieftain promptly accepted. Negotiations are scheduled to start on Wednesday.

### ENGAGEMENT ANNOUNCED

## Veterans Urged to Invest in U. S. Bonds

Texas veterans will be asked to "salt away" part of their national service life insurance dividends in U. S. Savings Bonds, Nathan Adams of Dallas, state Savings Bonds chairman, announced today.

Mr. Adams said that principal veterans organizations of the state will participate in the campaign, beginning Monday (Jan. 16), to urge ex-service men and women to use their dividend money as nest-eggs for the future. This is the date on which the Veterans Administration has announced that it will begin mailing dividend checks. A total of \$2.8 billion will be distributed in the next six months, with about \$150,000,000 going to the 700,000 veterans in Texas.

In letters to 1500 posts throughout Texas, they have asked local commanders to initiate activities within their own communities and to distribute Savings Bonds literature to all veterans, as well as members.

Mr. Adams said that similar campaigns are being held in all of the

states, with cooperation from national commanders of veterans organizations. He said that dividend checks will bear the campaign's slogan "Use It Wisely—Buy U. S. Savings Bonds" on the endorsement side.

"It is not the purpose of this campaign to tell the veteran how to use his dividend money," Mr. Adams said. "It is our purpose, however, to remind him that his NSLI dividend gives him an opportunity to begin, or add to, a sound savings plan to provide future financial security for himself and his family."

Bill Brock with the Southwestern Bell Telephone Co. of San Antonio was a business guest of Mr. and Mrs. J. M. McLean Wednesday of this week.

Mrs. Henry Tomasek honored her son, Tommy with a birthday party Thursday, January 19. He was seven years old. Several school friends were present. Sandwiches, cake, cookies and soft drinks were served. The honoree received many useful gifts.

Your Key to  
Greater Value

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

HERE'S THE NEW 1950 BUICK SUPER 126, companion body-type to the equally new ROADMASTER 130. Both are shorter than last year's 4-door Sedans—yet 4 inches longer in wheelbase. In both, the difference is used to give you real stretch-out room in the rear seat.

What the boys did here really calls for some medals.

We gave them the job of coming up with something that was bigger inside—for room and comfort—longer in wheelbase—always important to good riding qualities—yet unbulky and easy-handling in over-all dimensions.

Just look how well this tidy number meets these "impossible" specifications!

Item one—rear-seat cushions are a full foot wider than last year's SUPERS and ROADMASTERS.

Item two—in every dimension—leg-room, head-room, hip-room, shoulder-room—this rear-seat compartment is bigger than previous models—and nearly four inches longer, fore and aft, than other 1950 Buick interiors.

Item three—wheelbases are the longest of our 1950 line. On the SUPER, it is 125½" instead of 121½"—on the ROADMASTER 130¼" instead of 126¼".

Yet—and here's where the magic comes in—the whole car is shorter over-all. Actually less from bumper to bumper than previous Buicks in these series.

That means easier parking, easier tucking away in family garages, easier maneuvering in crowded traffic.

There are some other things too. An extra rear-quarter window not found in standard 4-door Sedans. A different upperstructure styling that makes this body-type stand out as something pretty special.

Even special names that let you say, "I drive a SUPER 126" or "Mine's a ROADMASTER 130," just by way of being different.

Yes, we think we hit on a happy idea in the "Longfellows," as they're coming to be known. They are not longer, on the outside, but there's a two-way stretch—in width and length—in the rear compartment.

You're going to like that—as you'll see by calling on your own Buick

dealer. If he doesn't have one on hand, he can get it pretty promptly—and at a price and on a deal you'll have trouble matching, much less beating, anywhere else.

See him now, will you—about placing an order?

## WALKOUT IS READY; PICKETS ARE PLANNED

The CIO-Communications Workers fixed Feb. 8 as the date for a walk-out of 100,000 Bell Telephone workers—the start of a nationwide strike program.

Another 200,000 Bell System employees are expected to observe the picket lines of the first 100,000 union members whose contracts already have expired and who are free to strike immediately.

President Joseph A. Beirne of the CWA told a news conference the initial walkout was set to begin at 6 a. m. local time on Feb. 8 unless the Government or the Bell Telephone Co. acts to avert the showdown.

If the strike actually takes place, union strategy aims at flood of telephone calls in hope of jamming the dial service. Beirne has suggested that the CIO urge its members to make lots of calls if necessary. CIO President Philip Murray pledged "whatever help you may require" without specifying the nature of co-operation to be extended.

Beirne said every telephone exchange in the nation will be picketed. He expressed confidence the picket lines will be observed not only by the CWA's own members—mostly women telephone operators and clerical help—but by the members of the other independent unions in some areas like New York City.

### Veterans Training Report on Earning Due

Veterans Administration today reminded veterans taking GI Bill institutional on-farm training that reports of their 1949 earnings are due at their VA regional office by March 1, 1950.

Failure to submit the reports before the deadline, VA warned, may result in suspension of subsistence payments until such time as the reports reach VA.

The annual earnings report is based upon farm accounting records kept by the veteran trainee as part of his course of instruction.

## Burglars Get \$47,800 In Cigarettes at Dallas

DALLAS, Jan. 30—Burglars broke into the Zanes-Ewalt warehouse last night and stole \$47,800 worth of cigarettes, the largest cigarette burglary in Dallas' history.

Police had only one slim clue to work with—the tracks of a six-wheel semi-trailer truck which had been backed up to a hole through the building's brick wall.

The burglars cut a lock chain off a fence to gain entrance to the grounds. The hole in the brick wall was two by four feet, barely large enough to permit removal of the 515 cases of cigarettes of various brands.

**Cameron Rotary Club Hears Talk By Rev. Carr**

Rev. Wendell Carr, pastor of First Christian church, discussed the chaplain service in the army at the noon meeting of the Cameron Rotary club Wednesday.

Harold Thomas told of the boost ahead that charity service in Cameron had received with both hospitals and four doctors now cooperating. Medicine and supplies will be made possible by funds donated by local organizations, he said.

**DEFENSE WILL FILE APPEAL, COUNCIL SAYS**

Expressionless, big Sam Smithwick sat in the crowded district courtroom of Bell county's old stone courthouse and heard a jury's verdict finding him guilty of murder with malice and assessing his punishment at life imprisonment for the July 29 shooting of crusading radio newsmen Bill Mason on the streets of Alice.

His attorneys said they will appeal.

The verdict, which was read by District Clerk Roy Mason at 7:58 p. m., came as the climax to the nine-day trial—six days of which were spent in selecting the jury. The trial had been moved to Bell county on change of venue from Jim Wells county.

The jury left the courtroom at 4:20 p. m. to deliberate the case. They returned at 7:55 p. m. with the verdict, having spent about an hour of that time at supper.

After the reading of the verdict, District Judge Wesley Dice asked Defense Attorney Henry Wilder if he wanted the jury polled. Wilder said he did. Then, as District Clerk Mason called the name of each juror, he said that the verdict as read was as he had voted.

Smithwick told reporters after hearing the verdict:

"If that's what I need, that's what I take."

Mrs. Mason, widow of the slain man, sat on the front row of the spectators' section tears streaming down her cheeks as she heard the verdict read.

"It was too good for him, but I think it's wonderful, anyway," she sobbed.

Judge Dice expressed his appreciation for the services of the jurors. District Attorney James K. Evetts told the jurors he thanked them "from the bottom of his heart."

Judge Dice then told the jury that before he dismissed them Mr. Evetts had a question to ask.

Evetts stood up and asked them if any of them, at any time, had heard or read that anyone connected with the case had been shot at.

Mr. and Mrs. Omar Anderson of Austin spent the past week end visiting Mr. and Mrs. W. B. Skinner here.

Father John O'Riley, pastor of the St. Monica Catholic Church in Cameron is a medical patient and in St. Edward Hospital.

## LEWIS AND OPERATORS HINT AT BREAK SOON

John L. Lewis and soft coal operators of the North and West today agreed on next Wednesday as the date to reopen contract talks—the first hint of a possible break in the long-deadlocked labor dispute.

Apparently the contract bargaining will resume at 2 p. m., EST. Lewis had proposed 10 a. m., and the operators had countered with the later hour. The United Mine Workers chief-tain said he would conform to their wishes, no matter what the hour.

In first proposing two o'clock, Lewis chose the very time fixed by Federal District Court to hear an injunction suit filed by the general counsel of the National Labor Relations Board charging that Lewis is trying to force soft coal operators to sign an illegal contract. The counsel, Robert N. Denham, seeks to end the production-cutting three-day week instituted by Lewis in the drawn-out battle over

his higher pay and royalty demands. When the operators wired him that the 10 o'clock date might be inconvenient for Lewis because of the court schedule, he sent this reply:

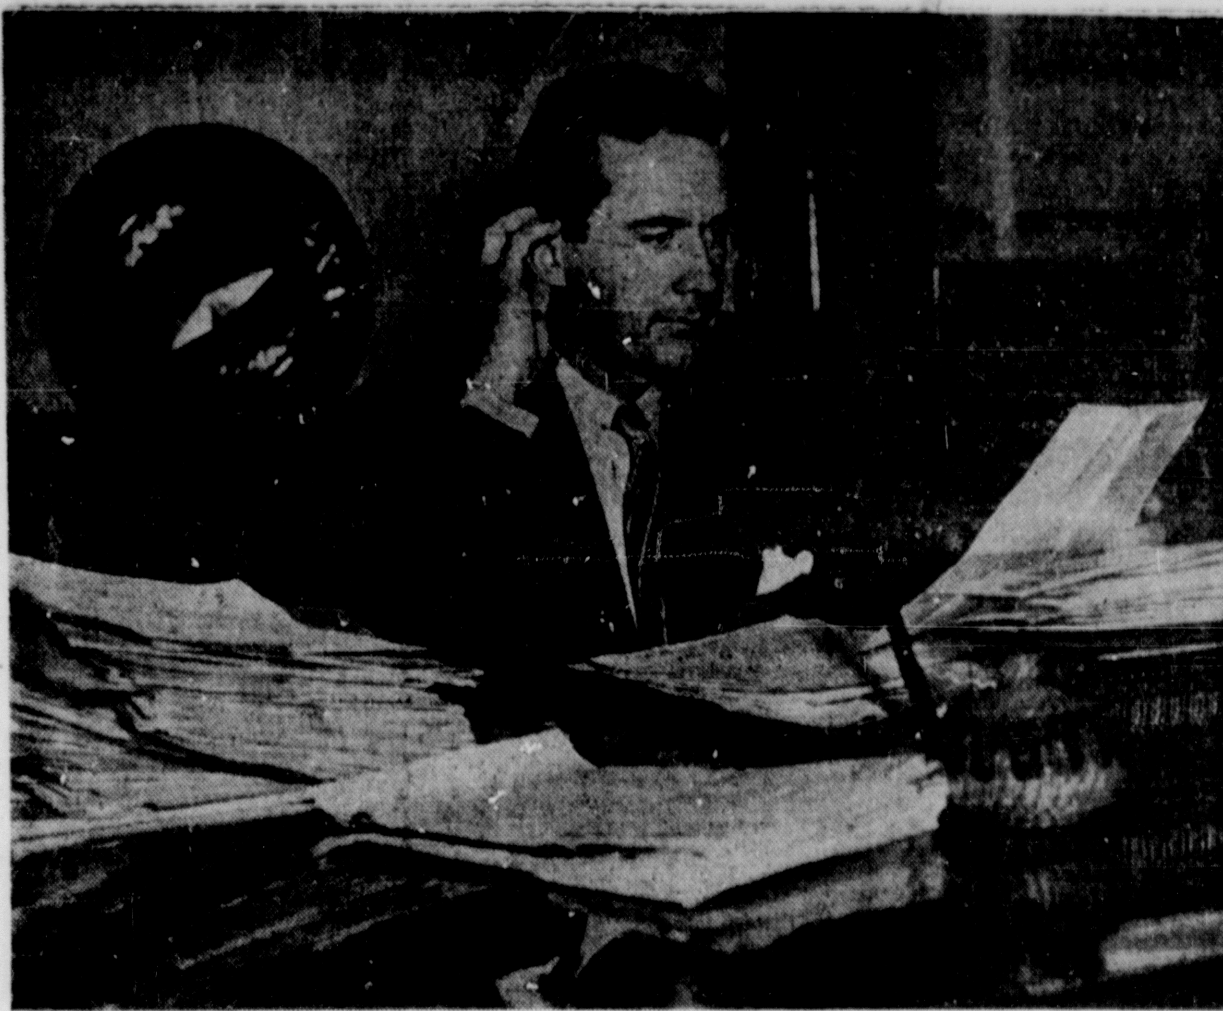

"Your wire. Mine Workers' attorneys will meet requirements of court. It is no inconvenience to me to meet at 10 a. m. Feb. 1, but we will conform to your wishes whether it be that hour or 2 p. m."

Miss Nadine Black will represent Rockdale in the Rodeo Queen Contest at the Houston Fat Stock show being held February 1 to the 12th. Miss Black is the daughter of Mr. and Mrs. Alex Black, and has been riding in rodeos since she was six years old.

Kenneth Cryer, little son of Mr. and Mrs. James Cryer is a medical patient in St. Edward Hospital.

Mr. and Mrs. Raymond Sharpe and Mrs. Pope Sapp spent the past Sunday visiting in Austin.

Mr. and Mrs. Clayton Storey and three children of Austin visited Mr. and Mrs. Bill Storey over the week end.

**THE PEOPLE SPEAK** — When Governor Allan Shivers invited the people of Texas to express their views on his program to improve the State Hospitals (termed by one survey group the worst in the nation), his mail picked up sharply. In this picture he is shown reading some of the letters, seeking ideas for the message he delivered to the Special Session of the Legislature this week. Virtually all the letters urged immediate action to improve these rundown institutions, the Governor reported.

## CIGARETTE TAX BOOST LOOMS AS CERTAINTY

The 51st Legislature comes back to the capitol today to finish a job it started just a year ago.

Governor Allan Shivers expects to tell the lawmakers in a 15-minute message what they were called into special session for: Dig up operating and building money for State hospitals and special schools. That business was unfinished in the regular session.

Shivers will be ready to deliver his message Wednesday.

The House and Senate are expected to complete organization quickly after they formally go into session at noon. The Senate must name a new president pro tem, who also is acting Lieutenant-Governor, and all indications were the job would go to Grady Hazlewood of Amarillo.

Before the Senate ends its special session, it will pick another of its members for the post to succeed Hazlewood. Others who are considered prospects include Senators Pat Bullock of Colorado City, Rogers Kelley of Edinburg, Wardlow Lane of Center, R. L. Proffer of Justin and Kyle Vick of Waco.

House and Senate leadership seem to have agreed on an increase of one cent per pack in the cigarette tax for the long-range building plan, and on increases in other omnibus levies for maintenance of the institutions for wards of the State.

Opposition to the cigarette tax apparently was not organized.

**'Dejobulated' Employee Makes Wistful Plea for Job Back**

LONDON.—A British colonial office in Nigeria has reported receiving the wistful plea from a west African native who suddenly found himself out of a job with the colonial agency:

"Dear Sir: On opening this epistle you will behold the work of a de-jobbed person and a very bewildered and much childrenized gentleman who was violently dejobbed in a twinkling by your good self.

"For heaven's sake, sir, consider this catastrophe as falling on your own head, and remind yourself on walking home at the moon's end to five savage wives and 16 voracious children with your pocket filled with nonexistent pounds, shillings and pence and a solitary sixpence; pity my horrible state.

"As to the reason given by yourself esquire for my dejobment the incrimination was laziness. No sir. It was impossible that myself who pitched 16 children into this vale of tears can have a lazy atom in his mortal frame, and a sudden departure of 11 pounds has left me on the verge of destitution and despair.

"I hope this vision of horror will entice your dreams this night and the good angel will melt and pulverize your heart of nether milestone so that you will awaken with such alacrity to rejobulate your servant. So mote it be, Amen."

Officials here did not know whether the dejobbed west African was reassociated with his job.

### Beggar Had Gem Fortune In Hand, Didn't Know It

CAIRO, EGYPT.—A ragged beggar who pleads for alms in the shadow of the pyramids had a fortune in stolen jewels. But he didn't know it. Police for months had been hunting \$80,000 in gems taken last summer from Mrs. Nahas Pasha, wife of the Wafdist party leader.

Finally they caught the thieves. After holding out until the police fed them a chicken dinner, they admitted they had given many of the jewels to a beggar named Bahluk. The jewels were wrapped in a package and the beggar didn't know what they were, they said. He had been instructed to hide them.

After questioning, Bahluk was released. "I just never got around to looking inside that cloth," he admitted ruefully.

DANVILLE, ILL.—A pigeon perched on a ledge outside the window of Copyreader Ed Hutchinson of the Danville Commercial-News tried to fly for two days. No luck. He just couldn't take off.

The pigeon would take several steps, flutter its wings, but never fly.

Finally, Hutchinson called the humane society. Soon the fire department was on its way to rescue the pigeon.

When the hook and ladder crew got its ladder to the window, the pigeon flew away.

## KILLEEN KANGAROOS TAKE 3 BOXING TITLES

Killeen high school Kangaroos, who were crowned team champions at the Temple Golden Gloves district meet two weeks ago, captured three boxing titles and displayed several other outstanding leather-slingers as Cameron's two day exhibition boxing tournament ended here Thursday night.

Killeen's job was made a lot easier in the finals when the Belton team failed to show up for the matches and two Killeen fighters won titles by default. However, they probably would have won them anyway.

Allen Academy of Bryan won two titles, Bryan high school had a couple of its boxers crowned champions, and Temple and Cameron each annexed one championship fight.

Leading the Killeen team was Weldon Whitis, who captured a split decision victory over Temple's Ray Van Tutor in the light heavyweight finals thanks to his superior height and big reach advantage after scoring a second round TKO victory over George Buckholts of Bryan in the semi-finals.

The other two Killeen champions were middleweight John Farmer who won by default over Cameron's Bud Rutherford, who was too tired for the title fight, and James Cannon, who took the heavyweight crown by default over Belton's Talley Mierczwick.

Barely missing titles for Killeen were Pee Wee Vick, who lost a split decision to Emmett Allen of Allen Academy in the finals after tiring in the third round, and paperweight Bobby Jackson, who lost a tough fight to another, Billy Scuddy, who won Temple's only championship.

Allen Academy's other champion was welterweight Bill Riley, the sensational who scored a pair of TKO's on opening night and took a decisive decision from Milburn Jennings of Temple in the finals.

Cameron's only title was won by

bantamweight Frank Kaminicky, who was surprised when he won a unanimous decision over teammate Jim Matyastik, who made it an all-Cameron championship fight.

Here are the results of the semi-final bouts:

Emmett Allen, Allen Academy, won by default from Fred Chaney, Belton.

Pee Wee Vick, Killeen decisioned Ray Morin, Bryan.

Bill Riley, Allen Academy, decisioned Olin Armstrong in a slug-fight battle that kept the crowd in an uproar.

Milburn Jennings, Temple, won by default from Bill Sutherland, Belton.

Ray Van Tutor, Temple, decisioned the much bigger Rudolph Medina, Bryan. Tutor rallied and moved his opponent down in the third round.

Bud Rutherford, Cameron decisioned Henry Stringer, Killeen.

John Farmer, Killeen, won by default from Lee Redden, Belton.

Nino Gonzora, Bryan, decisioned Leroy Sanders, Cameron, as Sanders tired in the third round after putting up a good battle.

Referees for the big tournament that drew 500 fans to the high school gymnasium each night were Eddie Geer of Cameron and Tommy Lenoir and Frank Navies, both of Bryan.

Mrs. Willie Fulton of Grand Prairie spent the week visiting her mother, Mrs. A. N. Weems and other relatives.

## Jones' Term In Bank Case Put at 5 Years

S. B. Jones of Hearne, who went into the Court of Criminal Appeals with a "2-to-5-year" sentence came out Wednesday at five years.

Jones was convicted and sentenced in Robertson County for defrauding the First State Bank at Franklin.

On motion for rehearing Jones complained to the appeal court that the judgment should be voided because, he alleged, there is no such offense as swindling by a bad check and because the 2-to-5-year sentence was neither definite nor certain as to punishment.

Jones was charged by the state with intending to acquire credit unlawfully with the Franklin bank through deposit of a check for \$10,850 drawn on a McAllen bank where funds were not on deposit to cover it.

The Franklin bank closed shortly after the incident.

Mrs. Leila Janeway has returned home after visiting her daughter, Mrs. H. E. Johnson in Houston Monday and Tuesday of this week. Mrs. Janeway is a member of the nurses staff at St. Edward Hospital.

## Dam Names Turned Down By Connally

Sen. Tom Connally refused Tuesday to have a Central Texas dam named for him.

The honor was proffered by Rep. W. R. Poage of Waco, speaking for a group representing towns in the area of the Belton Dam and Reservoir on the Leon-Little River.

Temple has been unhappy because the structure has been officially designed as "Belton Dam" by the Army engineers. So the chamber of commerce of Temple, Belton, Bryan, Cameron, Lampasas, Killeen, Moody and McGregor got together and decided it should be Tom Connally Dam.

Poage said the dam would stand as a living memorial to a great Texan and American, whose towering strength stood out in the Senate and the chambers of the world. He spoke his piece at a luncheon for Connally.

Connally said he didn't think it was a good idea to encumber such structures with personalities while they were being built.

The Senator argued it might be charged that federal money was being sought to promote an individual office holder when funds were asked to continue work on the \$22,000,000 dam.

Poage said the communities still wanted the dam named for Connally.

## SECONDARY PROPOSALS ARE BEING CONSIDERED

Governor Allan Shivers today issued a formal call for a special session of the 51st Legislature.

His proclamation ordered the 181-member Legislature to convene at 12 noon next Tuesday, Jan. 31.

Shivers said the first purpose of the special session will be to provide funds "as the Legislature may deem necessary for the State hospitals and special schools."

Secondly, he said, the Legislature was called "to consider and act on such other subjects and questions as the Governor may from time-to-time submit by message for consideration."

Numerous secondary proposals have been suggested to the Governor for legislative attention at this time.

Shivers directed Secretary of State Ben Ramsey to notify members of the House and Senate of the session which will begin six days from now.

Thus, the Legislature which stayed in regular session longer and spent more money than any previous Legislature will come back in session less than seven months from the date it adjourned. And it will be back to spend more money—a distasteful task for most Legislators in an election year.

This will be the first special session since former Governor Coke

Stevenson called one in 1941 to broaden the road bond assumption law and use up a mounting surplus in that fund which could not be used otherwise.

Facing the 51st Legislature will be requests from the State Hospital Board for a new tax, a 40-to-60 billion-dollar guaranteed long-range eleemosynary building program, and 20 million dollars for operation of the crowded, ill-equipped institutions during the next fiscal year.

The hospitals and schools recently were termed "worst in the nation" after a survey by U. S. Public Service teams.

How the Legislature will solve this financial problem is anybody's guess.

The Roto-Baler rolls the windrow into a bale with leaves wrapped inside, protected from the rain.

To feed it simply unroll the bale . . . and you have the hay just as it was in the field — soft, leafy, with the color and protein still there.

Rolled bales shed rain like a thatched roof. They store compactly, will not buckle, may be unrolled, or fed whole in the open feed rack.

### H. D. Council Maps Plans For The Year

The Milam County Home Demonstration Council held its first regular meeting of the year on Monday, January 23, in the District Court Room in Cameron. The new officers were in charge with Mrs. Bernice Charles presiding.

All eleven clubs in the county were represented by their presidents and ten of them had a delegate present.

The chairmen of committees on recreation, finance, education, and year-book made recommendations for the year's plan of work. Of particular interest among these was a recommendation by the Chairman of the Education Committee that each club in the County contributed three books to a circulating library for Home Demonstration Club Women.

The T. H. D. A. Chairman, Mrs.

Hugh Wimberley, reported that the District Convention will be held in Austin on April 19 and 20, and the State Convention in Big Springs in August. She also reported that two scholarships will be awarded girls in Texas who have done outstanding 4-H Club work. The T. H. D. A. theme for 1950 is "Better Homes Make for a Better World."

Council will meet again on February 27 in Rockdale.

## OFFICERS STEP UP SEARCH FOR GUNMAN

Now that the Sam Smithwick trial has ended, every available law official in Bell county was working in an intensified search for a gunman who attempted to ambush and murder District Attorney James K. Evetts.

Investigation of every clue and lead is being pushed. Three Texas Rangers are assigned to the case and all resources of the Temple police department are being used to check every clue.

Bell county sheriff Buck Ray said the whereabouts of several persons on Monday night, when the ambush occurred, was checked. "However," Ray said, "They all panned out okay."

The unidentified gunman fired two shots from a .45-caliber pistol at Evetts as the hard-driving prosecutor stepped from his automobile at his home. Both shots missed by narrow margins.

Sheriff Ray immediately placed armed guards at the home and guards were still patrolling the area today but no further attempts were made on the prosecutor's life.

\$1,000 reward has been offered for the arrest and conviction of the gunman. The money was raised by an anonymous group of Belton citizens.

Sheriff Ray is expressing appreciation to all law enforcement officers who have assisted in the trial and investigations of the attempted assassination of the district attorney.

### S. B. Jones To Penitentiary

S. B. Jones of Hearne will be transferred to the State penitentiary to begin serving a five-year sentence assessed him last April when a District Court jury found Jones guilty of swindling by worthless check.

Although the indictment against Jones listed several checks totaling \$81,000 allegedly passed at the First State Bank there, the Hearne insurance man was tried on one count of the indictment involving a check for \$10,850. After the jury returned its verdict of guilty Jones appealed his case and the Court of Criminal Appeals at Austin last week upheld the sentence handed Jones by the District Court.

Sheriff Bob Reeves said the mandate to transfer Jones to the penitentiary had arrived and he would take him to Huntsville Saturday.

## Yoemen Won First Game of Second Round Of District Play

The Yoets lost a close game with the Georgetown Eagles Friday night when the Eagles took the lead in the first quarter and held a close margin throughout the game, the final score over the Georgetown Eagles 49-33. The Yoemen won their first game of the second round of district play over the Georgetown Eagles 49-13.

The Cameron Yoemen led by the brilliant goal tossing of Rosenberg, who was high point man with 18 and followed closely by Fuchs with 15, caused the Georgetown boys to take a beating.

The Eagles always found their goal closely guarded by Gibson and Malone and occasionally Gibson would take the ball down to the Yoemen goal and toss in a long pitch just to show them how it was done.

Winning this game gives Cameron a three game lead over their closest opponent and almost clinches the district title.

The Yoemen will play Killeen on Tuesday night at Camp Hood.

Directions for getting to Field House two are as follows:

Proceed along highway 190 two miles past Killeen to main entrance to Camp Hood, which is marked by a large floodlighted army tank. Go to guardhouse and stop to get visitors pass. Turn left immediately past guardhouse and proceed along road past the football field and stadium. Take first road past stadium to right, and proceed as far as possible, then turn left. Field house number two is the first building to your left.

## EAT THE SEED

...and you lose the harvest!

THE MONEY you have today can be the seed that grows into dreams come true. Eaten up today in spendthrift buying, it only gives momentary satisfaction. But planted wisely, it can bring you a harvest of farm or ranch expansion—education for the kiddies—that long vacation trip you've wanted.

Put profits where they grow. Invest every possible penny in U. S. Savings Bonds. Then every \$3 you plant today, will allow you to reap a harvest of \$4 in ten short years.

Dean W. I. Myers of Cornell University,

says: "A financial reserve in U. S. Savings

Bonds is just as important a part of a well-managed farm or ranch business as is land, livestock, and machinery. Agriculture is a speculative business, and farm and ranch people need to have their financial reserves in the safest

possible form and where they will always be readily available. Nothing meets these two requirements as well as United States Savings Bonds."
